Exhibiting

With several dental meetings out there to exhibit, what makes the IAPA conference the must attend meeting of the year? Over 96% of attendees visit the exhibit area during the conference. With the foundation of our conference based on Physiologic Based Dentistry, we provide a unique experience not only for our participants, but for our vendors as well. As our attendees stay till the end of the conference we recommend exhibitors stay as well and do not leave the conference early.

Marketing Materials for Conference Bags

As an exhibitor you will be given the opportunity to showcase your company by placing a marketing piece in our IAPA registration bags that are given to all attendees at the conference. This will be another way to market your company to the attendees at the 2025 conference. (The amount of pieces you receive in the bags is based on your level of sponsorship.)

IAPAOPOLY

The IAPAopoly is a great way to market your booth and products alike! If you would like to take advantage of additional marketing during the show, IAPAopoly is the way to go. A registration form will be sent to all contracted exhibitors along with contact and instruction information on how to play.

Exhibitor Badges

Being an Exhibitor will allow you to bring one or more representatives to the conference. The number of attendees is based on your level of sponsorship. Additional booth representatives may be added for a \$600 fee, per representative. Exhibitor badges are all-access badges and will allow you into courses, workshops and social events during the conference.

Registration

All attendees must sign in at some point during the three day conference. Early registration will be available prior to the conference in the designated registration area. At this time you may pick up your lanyards and exhibitor badge.

Booth Assignment Policy

No exhibitor shall assign, sublet or apportion the whole or any portion of space allotted, nor exhibit therein any goods other than those manufactured or distributed by the exhibitor in the regular course of business, nor permit any representative of any firm not exhibiting to solicit business or take orders in their booth space. Any exhibitor violating these rules will have their exhibit closed for the current meeting and may be banned from participating at future meetings.

Care of Exhibit Booth

The exhibitor must maintain and keep in good order the exhibit space contracted. The exhibitor shall maintain and conduct the exhibit in a neat, clean, orderly and safe manner. The exhibitor shall keep an attendant in its display during the hours of the Exhibition and must surrender the space occupied by it in the same condition it was at the commencement of the meeting. Exhibitor shall be responsible for damage to property. Additionally, the exhibitor agrees to keep an attendant in its display during the posted hours of the exhibition and not abandon their booth space prior to the close of the show without advanced written approval from the Show Manager.

Security

While show management will exercise reasonable care in safeguarding your property, neither meeting management, the facility, security coordinator, drayage contractor, nor any of their directors, trustees, officers, agents, or employees assume responsibility for such property. Exhibitors are warned to take precautions to protect against pilferage.

Infraction of Meeting Rules

An exhibitor shall not infringe upon the rights and privileges of another exhibitor. Any complaints regarding infractions or disputes between exhibitors would be made directly to the Association and assume its decision final. Unethical conduct or infraction of the rules on the part of the exhibitor or their representatives will subject the offending exhibitor, their representative, or both to dismissal from the Exhibit Area, forfeiture of booth space and booth fee. In this event, it is agreed that the International Association of Physiologic Aesthetics shall make no refund and that the exhibitor or its representatives will make no demand for redress. These regulations are to be construed as part of all space contracts. The Association reserves the right to interpret these rules as well as to make final decisions on all points not covered in these regulations.

Insurance

On or before October 3, 2025 exhibitors must provide the IAPA with an original Certificate of Insurance showing the policy in effect at least through October 18, 2025. It must show evidence of insurance coverage with minimum limits of \$1,000,000 combined single limit bodily injury and broad form property damage coverage, including broad form contract liability.

In addition to the exhibitor, such certificates of the insurance will name as additional insured the International Association of Physiologic Aesthetics. Exhibitors should be reminded to have a rider on their insurance policies covering their exhibits during the travel from their home base to the show, during the show, and when transporting shipments back.
